EDUCATION

University of Toronto

MASTER OF SCIENCE, BIOSTATISTICS *2021 - 2022*

- Emphasis in Artificial Intelligence and Data Science Option

HONOURS BACHELOR OF SCIENCE, APPLIED STATISTICS & MATHEMATICS *2016 - 2020*

EXPERIENCE

St. Michael's Hospital *Toronto, ON*

JUNIOR BIOSTATISTICIAN | APPLIED HEALTH RESEARCH CENTRE *Oct. 2021 - Present*

- Building **linear mixed-effects models** and piecewise linear regression models while incorporating regularization and feature selection methods such as **LASSO, ridge regression** and **elastic net**
- Working with the **TARGetKids!** research group to study COVID-19 public health measure adherence amongst parents and children in Ontario

Export Development Canada *Ottawa, ON*

BUSINESS INTELLIGENCE ANALYST | BUSINESS PERFORMANCE ANALYTICS *Jun. 2020 - Present*

- Implemented **logistic regression** and **random forest classifiers** in **R** to predict client retention and conversion for EDC insurance products within a specified timeframe
- Performed **exploratory data analysis** on customer retention and conversion rates, working with the **tidyverse** to create data visualizations and tables for **PowerPoint** presentations
- Developed and maintained dashboards in **PowerBI** and **Excel** for senior management and clients, automated multiple steps by using macros, functions (**vlookup, index & match**) and running **SAS EG** projects & process flows

GlobalData Plc *Toronto, ON*

MEDICAL DATA ANALYST | MEDICAL DEVICES *Sep. 2020 - Sep. 2021*

- **Automated** multiple steps for a global medical device pricing tool, including data cleaning & **winsorization** in **Python**, **pivot tables & macros** in Excel, reducing analyst hours by more than **50%**
- Utilized **Pandas** in **Jupyter Notebook** to create an **ETL pipeline** for multiple medical device markets in the pricing tool, increased production speed and contributed a new methodology to the team
- Performed frequent healthchecks on **Medical Intelligence Centre** and core databases to ensure clients have correct & up-to-date information, wrote articles & press releases to promote GlobalData - capturing attention of news outlets

University of Toronto *Toronto, ON*

TEACHING ASSISTANT | DEPARTMENT OF STATISTICAL SCIENCES *Sep. 2021 - Present*

- **Lead tutorials** and office hours for undergraduate statistics courses to solidify understanding of analytical concepts, provided detailed student feedback on assessments
- Created **beamer presentations** using **LaTeX** and reviewed concepts in statistics and R programming during tutorials

DATA ANALYST & STATISTICAL CONSULTANT | CIRHR *Sep. 2019 - Jun. 2020*

- Performed data cleaning, wrangling and visualization on millions of rows of data using **dplry, tidyr, ggplot2** and wrote reports in **RMarkdown** explaining analytical concepts for non-technical clients
- Analyzed differences between groups using **ANOVA** to investigate pay equity among agriculture workers and used **linear regression** models to answer business problems relating to a consulting firm's online platform
- Built an **ETL pipeline** in **RStudio**, taking raw datasets as inputs to produce a consolidated file that is ready for analysis

RESEARCH ASSISTANT | ROTMAN SCHOOL OF MANAGEMENT *May 2018 - Aug. 2019*

- Obtained access to the **Scopus RESTful API** using **pybliometrics** (a Python-based API-Wrapper), built a **data pipeline** in Jupyter Notebook using **Pandas dataframes** and extracted datasets after reshaping and joining dataframes
- Manipulated, merged and extracted information from large datasets in **Stata** to create new datasets

SKILLS

Languages   R, Python, SQL, SAS, Stata, VBA, HTML, CSS
Software/Tools   PowerBI, Tableau, Excel, ArcGIS, GitHub, LaTeX
